2009 ONLINE TRAINING

Computer Engineering, Inc.

CEI is offering training via the internet from our headquarters in the Kansas City (*Missouri*) Metropolitan area. It will be conducted using the most current version of our software. The classes are broken down into small chunks to allow you to attend without putting demands on your schedule.

Highlights

- Small class size allows for the maximum amount of personal attention
- Many topics covered including the new features of our software
- A free preview of upcoming CEI software
- Online classes allow for you to train without travel and a large time commitment

Computer Engineering, Inc.
